

检索证明

经检索，以下 1 篇文章已被美国《工程索引》(EI) 数据库收录，其收录记录简要信息摘选如下：

1.
The Safety Effect of Advanced Consolidation Grouted Rock under Blasting Shock Wave
Deng, Ke (School of Civil Engineering and Architecture, Henan University, Henan, Kaifeng; 475000, China); Zhang, Man; Yang, Kuoyu; Zhang, Li; Xia, Yunchi
Source: Journal of Physics: Conference Series, v 2553, n 1, 2023
Database: Compendex

1.

Title:

The Safety Effect of Advanced Consolidation Grouted Rock under Blasting Shock Wave

Accession number:

20233614675499

Authors:

- Deng, Ke¹;
- Zhang, Man²;
- Yang, Kuoyu¹;
- Zhang, Li³;
- Xia, Yunchi³

Author affiliation:

¹ School of Civil Engineering and Architecture, Henan University, Henan, Kaifeng; 475000, China

² Miami College, Henan University, Henan, Kaifeng; 475000, China

³ China Construction Seventh Engineering Division. Corp.Ltd, Henan, Zhengzhou; 450004, China

Corresponding author:

Deng, Ke (dk@henu.edu.cn)

Source title:

Journal of Physics: Conference Series

Abbreviated source title:

J. Phys. Conf. Ser.

Volume:

2553

Part number:

1 of 1
